

The Guitar Wheel is a visual two-sided music theory tool for guitar and piano players, and any musician. covering every musical key. The Guitar Wheel contains a book's worth of music theory, while still fitting in your guitar case. The curved guitar neck design allows for easy visualization of theory on the guitar. This is an excellent teaching aid for schools, colleges, and universities.

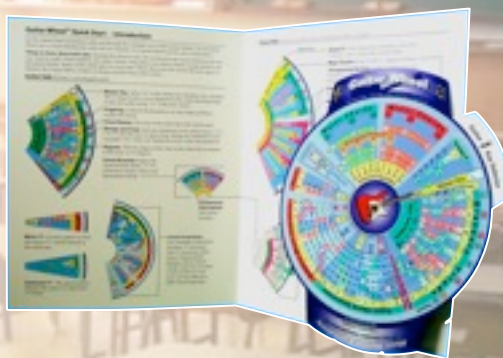

- Turn the tab to display music theory for every key, for ANY instrument
- Compact, practical easy-to-use teaching aid. Fits in a guitar case or book cover.
- The Guitar Side is like a curved fret board map for guitar
- Ideal for private study, schools, & churches
- Chords: Major, Minor, and Diminished
- Chord Inversions
- Scales: Major, Minor, Diminished, Pentatonic, and Blues
- Quick transposing, composing, and songwriting tool
- Videos and useful ideas can be found at www.guitarwheel.com
